Hi Charles,

I attended and just sent the POHA scan of the attendees to Sharon (below).

For Superfund, Sam wanted us to look into developing MOUs with the Port on SJRWP and Patrick Bayou and to respond to community questions that were coming up at the SJRWP CEI public meetings.

Subsequently, for SJRWP, the MOU with the Port on SJRWP was developed and community FAQs were posted to:

Steve, do you have a list of all of the attendees at the April 24, 201l meeting at the Port of Houston Authority's office? If, so, if you could send it to me, I would really appreciate it. Thanks.

Folks, did you attend the April 14, 2011, meeting with the USACE and the Port of Houston? Since Miguel has retired and Sam has moved up, we need to reconstruct what happened at this meeting and determine what commitments, soft or firm, were made. It is reported that this is

the meeting where the USACE committed to provide whatever data they had on its dredge materials.

If you attended this meeting, do you have any meetings notes? Please let me know. Thanks

I will sent a meeting invitation to follow this email for us to debrief Bill Honker and Pam Phillips on this meeting. Thanks
